STANDARD CONTRACT TERMS AND CONDITIONS

The STATE OF IDAHO STANDARD CONTRACT TERMS AND CONDITIONS (trBASECstdContractTrms.doc (Rev. 7/1/01) and the State's CONDITIONS AND INSTRUCTIONS TO VENDORS (trBASECstdBidTrms.doc (Rev. 7/1/01) are hereby incorporated by reference into this bid solicitation as if set forth herein in their entirety. The STATE OF IDAHO STANDARD CONTRACT TERMS AND CONDITIONS and CONDITIONS AND INSTRUCTIONS TO VENDORS are located on the Internet at: <http://www2.state.id.us/adm/purchasing>. If you do not have access to the Internet, you may contact the Division of Purchasing at 208-327-7465 to obtain a copy of the State's STANDARD CONTRACT TERMS AND CONDITIONS and the State's CONDITIONS AND INSTRUCTIONS TO VENDORS.

GENERAL INFORMATION:

PURPOSE: A contract for the purchase of various brand name laboratory supplies and equipment for use by State agencies on an as-needed basis at various locations throughout the State of Idaho and the other participating States. The contract will be a Mandatory Use contract for State of Idaho, State Agencies. The contract may be a permissive use price agreement for the other WSCA participating states, at their option.

SPECIAL CONTRACT TERMS AND CONDITIONS

TIME PERIOD: The contract will be for a two (2) year period of time commencing February 1, 2003 (or date of award) and ending two (2) years after date of award.

RENEWAL: Upon mutual agreement by both parties, the contract may be extended under the same terms and conditions for additional one (1) year periods of time. A total of four (4) consecutive renewals are possible.

ORDER PLACING: Contractor shall furnish a toll free telephone number and a remote on-line or internet based order system for purposes of order placement, order inquiry, price & availability inquiries and cross referencing. The ordering system shall display Contract Pricing, Order Status and shall allow Order Tracking and Order History.

DELIVERY LOCATIONS: Deliveries may be to any State Agency or Political Subdivision within the State of Idaho or any Participating State.

MINIMUM ORDER: Minimum order quantity must be no greater than \$50.00 per order. For orders totaling less than \$50.00 per order, or the bidder's stated Minimum Order Quantity (see Page # 7, Required Information, Paragraph C, below) whichever is lower, the ordering agency will pay the actual freight charges unless waived by the Contractor at time of order placement. Ordering entities requesting special handling (Fed Ex, UPS Next Day, etc.) of orders may be required by the Contractor to pay additional freight charges not to exceed the carrier's actual freight charges.

Individual State Agency accounts shall make reasonable efforts to consolidate orders on a weekly basis where practical.

Agencies are also encouraged to consolidate orders for hazardous chemicals in order to minimize hazardous materials fees.

ADDITIONAL MANUFACTURER DISCOUNTS: For contract items, the Contractor agrees to allow any particular Participating State or agency thereof to accept additional discounts offered by

a Manufacturer for whom the Contractor is a distributor if those discounts will result in a lower net price to the State. The Contractor agrees to furnish these items under the terms and conditions of the Contract but at the lower net price as agreed by the Manufacturer and the Participating State.

ITEMS NOT INCLUDED IN THIS CONTRACT:

- 1) Items costing in excess of \$5,000.00 UNIT PRICE, after discount, are excluded from this contract.
- 2) Items that may be available through other Idaho Mandatory Use Contracts are excluded. See Statewide Contract Listing at <http://www2.state.id.us/adm/purchasing/stwrecap.htm>. This exclusion does not apply to other WSCA participating states.
- 3) Items available through other Participating States' Mandatory Use Contracts.

BACK-ORDERS: The Contractor will take every available precaution to prevent back-order and stock out of contract items necessary for the operation of the agencies' facilities. The Contractor will ship the majority of expendable supply items within 48 hours after receipt of order. Agencies will be notified at time of order placement when items cannot be shipped within 48 hours; the State reserves the right to cancel orders for those items without penalty and procure them elsewhere.

PURCHASE ORDERS: Individual agencies may or may not issue written purchase orders. If automated order entry procedures are used, a written order may not be used by the agency or required by the Contractor.

CUSTOMER ACCOUNT NUMBERS: The contractor must establish separate customer/account numbers for use by the various ordering agencies/departments. Some agencies may require multiple customer/account numbers at the same address.

PRICING: The percentage discount from the Contractor's submitted price schedule is not to decrease for all updates or revisions of that Contractor's price schedule during the life of the Contract and any subsequent contract renewals. New items or replacement products are to be discounted at the same rate as similar products or replaced items.

PRICE LISTS & UPDATES: The Contractor will furnish a "hard copy" and/or an electronic copy (State's option) of the price lists and periodic updates to the (various State's) State Purchasing Division. The Contractor will also furnish "hard copy" and/or electronic copy (agency's option) to all State Agencies for which account numbers have been established. Contractor will distribute price lists in a timely manner as they become effective. Price lists may be updated no more often than quarterly. Updates shall be simultaneous for the entire line of products. All price lists and website access will be supplied to the Participating States and the individual agencies at no additional cost.

QUARTERLY REPORTS: Every three (3) months the Contractor will furnish quarterly reports to the Division of Purchasing. These reports will include, for each account number, a listing of all items purchased during the quarter. The reports are to show, as a minimum, the Item # and description, the unit list prices, unit net prices after discount, and the total dollar amount. The Contractor's quarterly report shall include the names of the accounts corresponding to the account numbers. The Contractor will provide the reports promptly, within thirty (30) days following the end of the quarter. Contractor is required to establish and maintain a relational database or other sales tracking system from which to produce regular (quarterly) reports to the State.

INVOICING: The contractor is to send all invoices to the Agency / Department shown in the "Mail Invoice To" block on the purchase order. Contract / Purchase Order numbers are to be shown on all invoices. In no case are invoices to be sent to the Division of Purchasing. Agencies may, for items received and accepted, make partial payment on a purchase order.

PRICE LIST ACCESS: At any time during the Contract and for a three (3) year period following the end of the Contract, the State reserves the right to request from the Contractor access to and/or a copy of the applicable price list used for the Contract's pricing basis for Contract pricing verification. Failure to provide the requested price list within three (3) business days following the State's request may result in Contract termination.

ELECTRONIC ORDERING: The procurement of equipment/supplies in a cost-effective manner requires a strong vendor-customer relationship and access to current information regarding pricing, availability and delivery. Contractor is to provide up-to-date on-line catalogs, electronic ordering and electronic status checking and other tools that enhance the planning and product procurement process for acquisition of supplies and equipment. The State desires to use electronic methods to the greatest extent possible for acquisition of products and services. At a minimum the Contractor shall have available or maintain an Internet Web Site with links to product information capabilities and specifications. The individual Purchasing Entities will place orders resulting from this contract directly with the vendor.

RECORDS MAINTENANCE: The Contractor shall maintain or supervise the maintenance of all records necessary to properly account for all payments made to the Contractor for the costs authorized by this Contract. These records shall be retained by the Contractor for at least three (3) years after the Contract terminates, or until all audits initiated within the three (3) years have been completed, whichever is later.

AUDIT RIGHTS: The Contractor agrees to allow State and Federal auditors and State agency staff access to all the records relating to this Contract, for audit, inspection, and monitoring of services or performance. Such access will be during normal business hours or by appointment.

Per Addendum #1 December 20, 2002

SPECIAL HAZARDOUS MATERIALS & SPECIAL HANDLING FEES: Prices bid and Contract line item unit prices do not have to include hazardous materials handling fees or special handling fees required by the manufacturer for shipments directly from the manufacturer. Contractor will identify and separately list all hazardous materials / special handling fees on the invoice and Bill of Lading. Contractor will make the ordering agency aware of all hazardous materials / special handling fees at time of order placement. The Contractor may require ordering entities to pay additional hazardous materials handling fees not to exceed the actual hazardous materials / special handling fees. Contractor is to use the most economical and practical shipping method necessary to comply with the agency's needs while meeting the necessary hazardous material shipping requirements. Contractor must be able to document and provide evidence sufficient to prove all hazardous materials and/or manufacturer's special handling fees are required by the manufacturer or carrier upon request to do so by the State.

REQUIRED INFORMATION

A. DISCOUNTS: See "Bid Requirements" on Page # 1
See attached discount schedule.

B. PRICE LISTS & CATALOGS: See "Bid Requirements" on Page # 1

Price list updates will be issued (Bidder to indicate):

Quarterly X Semi-annually Annually

C. BIDDER'S MINIMUM ORDER QUANTITY

For pre-paid shipment: \$ 50.00
(Cannot exceed \$50.00, See Page # 3, above)

D. Deleted per Addendum #1 December 10, 2002

F. Location of stocking warehouse(s) & states served (attach additional pages if necessary):

US Distribution Center	Areas Served
Agawam, MA	NH, VT, ME, MA, CT, NJ, NY, PA, RI
Cayey, PR	PR, St. Thomas, St. Croix
Denver, CO	CO, UT, WY ID, MT, NE, SD, OK, NM, KS, IA
Florence, KY	Mid-Atlantic, Cincinnati/Cleveland; National for certain items
Hanover Park, IL	IL, MI, WI, IN, MN, MO, OH, KY
Houston, TX	TX, OK, LA, AK , parts of MS
Jessup, MD	MD, DC, VA, So. PA, So. DE, East WV, Bermuda

Real-time product availability

Cost-effective order processing with multiple ordering tools options

Instant access to vital technical information, including chemical **MSDS and Certificates of Analysis**

Supported by a **proven "bricks & mortar" logistics and support system**

Secure environment

On-line access to available State of Idaho/WSCA member quotes

Custom Catalog views to enhance user product selection

Multiple **E-Mail Order Notification** function

Credit card processes for easy ordering

Frequent **updates** and **expansion of product content** keeps end-users up to date

Blanket order tracking

Automatic E-Mail notification of backorder status

Fisher Website – fishersci.com

Fishersci.com provides the newest products, services, and information for science using the latest technology available. Key points include:

Real-Time Order Status Information

Because we use real-time instead of batch-load information processing, our website is the only one in the industry that offers up-to-the-minute inventory of a Fisher-stocked item. Real-time order status, including estimated delivery dates for drop ship products and UPS shipment tracking, provides valuable information for making buying decisions and planning ahead.

Interactive Processing

Registered users with a Fisher account number are able to view their most recent account information as they place orders, including

Account-specific prices derived from your contract and calculated item-by-item/quantity-by-quantity to provide concrete, accurate net pricing.

Order status for all orders placed regardless of order entry method

Complete Full Color Catalogs

Fisher's website features full-color catalogs, including the Fisher General Catalog, Fisher Safety Catalog, Fisher HealthCare Catalog, Fisher Chemical, Controlled Environments, Life Science, BioReagents, Fisher Lab Essentials, and ACROS Organics. Full search capabilities and on-line ordering make it easy to find products, view them, and place orders.

Customized Catalogs

Fisher has considerable experience in developing customized views that identify preferred and restricted products and may be used to direct your users to the appropriate source of products. All catalog views feature customer-specific pricing. With the advent of web-based catalogs, we have the capability to produce a customized State of Idaho/WSCA member electronic version to support your specific purchasing requirements.

Implementation of Business Rules

Administrative authority is set up in advance through your Fisher representative. After setup, management tools enable you to:

Define purchasing and payment privileges and assign to users

Apply product or supplier restrictions by user

Reassign level of authority and approval hierarchy relationships on a user-by-user basis

Create individual Approval groups, assign individual users to one or more Approval groups, and add/delete Approvers and Approval groups

Customized Ordering

The State of Idaho/WSCA member can create "company hot lists" for item standardization and enhanced product selection; additionally, users can create "personal hot lists" based on their

specific needs, save orders as templates to quickly order groups of products, and use “rapid order” to easily order items by Fisher catalog number, vendor catalog number or competitive catalog number, unit of measure, and quantity.

State of Idaho/WSCA member registered users can log in, and view current quotes by account number. Quotes can be then be added to the “Shopping Cart,” and processed with the order. Registered users can view details for any quote on the current list by clicking “View Details” link next to each quote.

Order Status

Current and historical order status information is available for up to 90 days after the order is placed, whether the order is placed online, phone, or fax. We provide both ordering and shipment views and links to UPS tracking so the user can easily assess the status of any order.

Technical Product Information

State of Idaho/WSCA member personnel can access valuable product information directly from Fisher’s website, including:

- Technical bulletins
- Manufacturer cross references
- MSDS and Certificates of Analysis for all Fisher Chemicals

Order Confirmation

Once the order is accepted, fishersci.com returns a real-time order confirmation on-screen and via e-mail. If others in the department or company need to be notified about an order, a **Multiple E-Mail Order Notification** function can be utilized to create a list of those who should be notified when an order has been placed. This confirmation includes:

- Unique Fisher order number
- Line-level detail including shipping status
- State of Idaho/WSCA member net pricing

Online Searches Made Easy

State of Idaho/WSCA member end users can quickly search for the items they need by:

- Key words and brand name
- Full text, description
- Fisher or competitor catalog number
- Page number
- Manufacturer
- CAS numbers
- Chemical structure or sub-structure

Fishersci.com’s powerful search engine scans the complete text, right down to the footnotes. The search engine also uses a thesaurus and spell-check to further aid the user with product selection.

Other Useful Features

In addition to the extensive product information, Fisher’s website gives State of Idaho/WSCA member end users access to:

A What’s New section for the latest site features, promotions, products, suppliers, press releases, and events

Supplier information and website links

Support to request literature, frequently asked questions, Fisher quality systems, legal and privacy statements, and contact information

Technical and customer service support

Retrieve information directly from a UPS link (Fisher’s preferred shipper) to see where the order is in shipment

Information about Fisher Scientific

Information and resources for specialty areas such as Chemicals, Life Science, Healthcare, Safety, and Domestic Preparedness

PARTICIPANTS: Western States Contracting Alliance (“WSCA”) is a cooperative group contracting consortium for state government departments, institutions and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Minnesota, Montana, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, and Wyoming. Obligations under this contract are limited to those Participating States who have signed (and not revoked) an Intent to Contract at the time of award, or who have executed a Participating Addendum where contemplated by the solicitation. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions. Unless otherwise specified in the solicitation, the resulting price agreement(s) will be permissive.

DEFINITIONS:

“Lead State” means the State conducting this cooperative solicitation and centrally administering any resulting price agreement.

“Offer” or “Bid” or “Proposal” refers to the offer submitted in response to a solicitation, whether denominated as an invitation to bid, invitation for bid, request for proposal, or otherwise. “Bidder” or “Offeror” similarly refers to the person, company, or other entity submitting the bid or proposal that constitutes an offer capable of acceptance, regardless of the solicitation method used.

“Permissive price agreement” means that placement of orders through the price agreement is discretionary with Purchasing Entities. They may satisfy their requirements through the price agreement without using statutory or regulatory procedures (e.g. invitations for bids) to solicit competitive bids or proposals. Purchasing Entities may, however, satisfy requirements without using the price agreement so long as applicable procurement statutes and rules are followed.

“Participating Addendum” means a bilateral agreement executed by the contractor and a Participating State that clarifies the operation of the price agreement for the State concerned, e.g. ordering procedures specific to a State, and may add other state-specific language or other requirements.

“Participating State” means a member of WSCA who has indicated its intent to participate as disclosed on the solicitation, or who subsequently signs a Participating Addendum where contemplated by the solicitation.

“Purchasing Entity,” means a Participating State or another legal entity, such as a political subdivision, properly authorized by a Participating State to enter into a contract for the purchase of goods described in this solicitation. Unless otherwise limited in this solicitation or in a Participating Addendum, political subdivisions of Participating States are Purchasing Entities and Participants authorized to purchase the goods and/or services described in this solicitation.

QUANTITY ESTIMATES: Estimated quantities are informational and not to be construed as a warranty of accuracy of historical or anticipated volumes or a guarantee to purchase any amount.

CASH DISCOUNT TERMS: Offeror may quote a cash discount based upon early payment; however discounts offered for less than 30 days will not be considered in making the award. The date from which discount time is calculated shall be the date a correct invoice is received or receipt of shipment, whichever is later; except that if testing is performed, the date shall be the date of acceptance of the merchandise.

TAXES: Offered prices shall be exclusive of state sales and federal excise taxes. Where the state government entities are not exempt from sales taxes on sales within their state, the contractor shall add the sales taxes on the billing invoice as a separate entry.

PATENTS, COPYRIGHTS, ETC: The Contractor shall release, defend, indemnify, and hold harmless WSCA, the Participating States, and the Purchasing Entities, as well as the officers, agents and employees of WSCA, the Participating States and the Purchasing Entities, from liability of any kind or nature, including the Contractor's use of any copyrighted or uncopyrighted composition, process, patented or unpatented invention, article or appliance furnished or used in performance of this contract.

AWARD: Multiple contracts may be awarded as a result of this solicitation. Awards in requests for proposals (competitive sealed proposals) shall be made to the responsible offeror(s) whose proposals are determined to be the most advantageous to the Participating States, taking into consideration price and the other evaluation factors set forth in the solicitation. Unless otherwise stated in the solicitation, an award in a solicitation denominated as an invitation to bid will be made to the lowest responsive and responsible bidder(s) meeting specifications and all bid terms and conditions. The Participating States reserve the right to award items separately or by grouping items, or by total lot.

NON-COLLUSION: By signing the proposal the bidder certifies that the bid submitted, has been arrived at independently and has been submitted without collusion with, and without any agreement, understanding or planned common course of action with, any other vendor of materials, supplies, equipment or services described in the solicitation, designed to limit independent bidding or competition.

TERMINATION: Unless otherwise stated in the solicitation, any contract entered into as a result of this solicitation may be terminated by either party upon 60-days notice, in writing, prior to the effective date of the termination. Further, any Participating State may terminate its participation upon 30-days written notice, unless otherwise limited or stated in the special terms and conditions of the solicitation. Any termination under this provision shall not effect the rights and obligations attending orders outstanding at the time of cancellation, including any right of any Purchasing Entity to indemnification by the Contractor, rights of payment for goods/services delivered and accepted, and rights attending any warranty or default in performance in association with any order.

DEFAULT AND REMEDIES:

A. Any of the following shall constitute cause to declare the contract or any order under this contract in default:

- (1) Nonperformance of contractual requirements; or
- (2) A material breach of any term or condition of this contract.

B. A written notice of default, and an opportunity to cure, shall be issued by the party claiming default, whether the Lead State (in the case of breach of the entire agreement), a Participating State (in the case of a breach of the Participating Addendum), the Purchasing Entity (with respect to any order), or the Contractor. Time allowed for cure shall not diminish or eliminate any liability for liquidated or other damages.

C. If the default remains after the opportunity for cure, the non-defaulting party may:

- (1) Exercise any remedy provided by law or equity;

(2) Terminate the contract or any portion thereof, including any orders issued against the contract;

(3) Impose liquidated damages, as specified in the solicitation or contract;

(4) In the case of default by the contractor, and to the extent permitted by the law of the Participating State or Purchasing Entity, suspend contractor from receiving future solicitations.

LAWS AND REGULATIONS: Any and all supplies, services and equipment offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

CONFLICT OF TERMS: In the event of any conflict between these standard terms and conditions and any special terms and conditions in the solicitation, the special terms and conditions shall govern.

REPORTS: The contractor shall submit quarterly reports to the Lead State contract administrator, and upon request to any Participating State, showing the quantities and dollar volume of purchases by each Purchasing Entity.

HOLD HARMLESS: The contractor shall release, defend, indemnify and hold harmless WSCA, the Participating States, and the Purchasing Entities, as well as the officers, agents and employees of WSCA, the Participating States and the Purchasing Entities, from and against any damage, cost or liability, including reasonable attorneys fees for any or all injuries to persons, property or claims for money damages arising from acts or omissions of the contractor, its employees or subcontractors or volunteers.

ORDER NUMBERS: Contract order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

GOVERNING LAW AND VENUE: This procurement shall be governed and the resulting price agreement construed in accordance with the laws of the Lead State. The construction and effect of any Participating Addendum or order against the price agreement shall be governed by and construed in accordance with the laws of the Purchasing Entity's State. Venue for any claim, dispute or action concerning the construction and effect of the price agreement shall be in the Lead State. Venue for any claim, dispute or action concerning an order placed against the price agreement or the effect of a Participating Addendum or shall be in the Purchasing Entity's State.

DELIVERY: The prices offered shall be the delivered price to any WSCA state agency or political subdivision. All deliveries shall be F.O.B. destination with all transportation and handling charges paid by the contractor. Responsibility and liability for loss or damage shall remain the Contractor until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an order to be shipped without transportation charges that is back ordered shall be shipped without charge.

WARRANTY (including Year 2000): As used herein "Purchasing entity" refers to any WSCA state agency or political subdivision. The contractor agrees to warrant and assume responsibility for each hardware, firmware, and/or software product (hereafter called the product) that it licenses, or sells, to the Purchasing Entity under this contract. The contractor acknowledges that the Uniform Commercial Code applies to this contract. In general, the contractor warrants that: (a) the product will do what the salesperson said it would do, (b) the product will live up to all specific claims that the manufacturer makes in their advertisements, (c) the product will be suitable for the ordinary purposes for which such product is used, (d) the product will be suitable for any *special purposes* that the Purchasing Entity has relied on the contractor's skill or judgment

to consider when it advised the Purchasing Entity about the product, (e) the product has been properly designed and manufactured, and (f) the product is free of significant defects or unusual problems about which the Purchasing Entity has not been warned. In general, "year 2000 compatibility and fitness" means: (1) the product warranted by the contractor will not cease to perform before, during, or after the calendar year 2000, (2) the product will not produce abnormal, invalid, and/or incorrect results before, during, or after the calendar year 2000, (3) will include, but not be limited to, date data century recognition, calculations that accommodate same century and multi-century formats, date data values that reflect century, and (4) accurately process date data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, including leap year calculations. If problems arise, the contractor will repair or replace (at no charge to the Purchasing Entity) the product whose noncompliance is discovered and made known to the contractor in writing. Nothing in this warranty will be construed to limit any rights or remedies the Purchasing Entity may otherwise have under this contract with respect to defects.

Fisher acknowledges with the exception of Letters a, b, d, and e. Fisher also agrees that all manufacturer warranties shall be passed through to the WSCA and/or the purchaser as shall be appropriate.

AMENDMENTS: The terms of this contract shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Contract Administrator of the Lead State.

ASSIGNMENT/SUBCONTRACT: Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this contract, in whole or in part, without the prior written approval of the Contract Administrator of the Lead State.

NONDISCRIMINATION: The offeror agrees to abide by the provisions of Title VI and Title VII of the Civil Rights Act of 1964 (42 USC 2000e), which prohibit discrimination against any employee or applicant for employment, or any applicant or recipient of services, on the basis of race, religion, color, or national origin; and further agrees to abide by Executive Order No. 11246, as amended, which prohibits discrimination on basis of sex; 45 CFR 90 which prohibits discrimination on the basis of age, and Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990 which prohibits discrimination on the basis of disabilities. The offeror further agrees to furnish information and reports to requesting State(s), upon request, for the purpose of determining compliance with these statutes. Offeror agrees to comply with each individual state's certification requirements, if any, as stated in the special terms and conditions. This contract may be canceled if the offeror fails to comply with the provisions of these laws and regulations. The offeror must include this provision in every subcontract relating to purchases by the States to insure that subcontractors and vendors are bound by this provision.

SEVERABILITY: If any provision of this contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected; and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular provision held to be invalid.

INSPECTIONS: Goods furnished under this contract shall be subject to inspection and test by the Purchasing Entity at times and places determined by the Purchasing Entity. If the Purchasing Entity finds goods furnished to be incomplete or not in compliance with proposal specifications, the Purchasing Entity may reject the goods and require Contractor to either correct them without charge or deliver them at a reduced price, which is equitable under the circumstances. If Contractor is unable or refuses to correct such goods within a time deemed reasonable by the Purchasing Entity, the Purchasing Entity may cancel the order in whole or in part. Nothing in this paragraph shall adversely affect the Purchasing Entity's rights including the rights and remedies under the Uniform Commercial Code.

PAYMENT: Payment for completion of a contract is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance. Payments will be remitted by mail. Payments may be made via a Purchasing Entity's "Purchasing Card".

FORCE MAJEURE: Neither party to this contract shall be held responsible for delay or default caused by fire, riot, acts of God and/or war that are beyond that party's reasonable control. The Lead State may terminate this contract after determining such delay or default will reasonably prevent successful performance of the contract.

HAZARDOUS CHEMICAL INFORMATION: The Contractor will provide one set of the appropriate material safety data sheet(s) and container label(s) upon delivery of a hazardous material to the Purchasing Entity agency. All safety data sheets and labels will be in accordance with each participating state's requirements.

FIRM PRICE: Unless otherwise stated in the special terms and conditions, for the purpose of award, offers made in accordance with this solicitation must be good and firm for a period of ninety (90) days from the date of receipt of bids or proposals. Prices must remain firm for the full term of the contract.

EXTENSION OF PRICES: In the case of error in the extension of prices in the proposal, the unit prices will govern.

BID PREPARATION COSTS: WSCA is not liable for any costs incurred by the bidder in preparation of the bid.

CERTIFICATION REGARDING CONFLICT OF INTEREST: Contractor certifies that it has not offered or given any gift or compensation prohibited by the state laws of any Participating State to any officer or employee of WSCA or Participating States to secure favorable treatment with respect to being awarded this contract.

INDEPENDENT CONTRACTOR: Contractor shall be an independent contractor, and as such shall have no authorization, express or implied to bind the Participating States to any agreements, settlements, liability or understanding whatsoever, and agrees not to perform any acts as agent for WSCA or the states, except as expressly set forth herein.

POLITICAL SUBDIVISION PARTICIPATION: Participation under this contract by political subdivisions (i.e., colleges, school districts, counties, cities, etc.) of the WSCA participating states shall be voluntarily determined by the political subdivision. The contractor agrees to supply the political subdivisions based upon the same terms, conditions and prices.

CERTIFICATION REGARDING DEBARMENT: The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. If the CONTRACTOR cannot certify this statement, attach a written explanation for review by WSCA.

RECORDS ADMINISTRATION: The contractor will maintain, or supervise the maintenance of all records necessary to properly account for the payments made to the contractor for costs authorized by this contract. These records will be retained by the contractor for at least four years after the contract terminates, or until all audits initiated within the four years have been completed, whichever is later.

AUDIT OF RECORDS: The contractor agrees to allow WSCA, State and Federal auditors, and state agency staff access to all the records related to this contract, and the right to copy those

records, for audit, inspection and monitoring of services. Such access will be during normal business hours, or by appointment.

PRICES AS CEILING: Price agreement prices represent ceiling prices for the supplies and services priced in the price agreement. The vendor shall report to the Lead State any price reduction or discount, or other more favorable terms, offered to any Purchasing Entity, and the awarded vendor agrees to negotiate in good faith to reestablish ceiling prices or other more favorable terms and conditions applicable to future orders.

STATE PARTICIPATION/UNIQUE TERMS AND CONDITIONS:

Apart from the Lead State conducting the solicitation, the States indicated on **Attachment A** have signified their intent to enter into a price agreement and, except where **Attachment A** or the solicitation requires execution of a Participating Addendum, are considered Participating States for purposes of this solicitation and the resulting contract. **Attachment A** of the Solicitation includes any significant modifications to these terms and conditions or State-specific provisions required by the laws, regulations, or procurement practices of the State(s).

Additional States may be added with the consent of the contractor and the Lead State (on behalf of the WSCA Participating States) through execution of a Participating Addendum.

Revision Date (Appendix C, WSCA Standard Terms and Conditions): February 2001

ADDENDUM # 1 & 2

RE: ITB01643, Multi-State Contract for Laboratory Supplies and Equipment for the State of Idaho and other participating states. Bid Closes December 16, 2002 @ 5:00 PM Mountain time.

The following changes are being made a part of the Bid Specifications:

1. Page # 6, Section D, NON-CONTIGUOUS STATES, Additional Shipping Charge as % of Net Price is being deleted.
2. The following Questions and Answers to the questions are made a part of the Bid Specifications and Contract Terms and Conditions:

Q#1: RE: Freight and handling charges: Does this apply to every thing [the Bidder] sells?

A#1: It will apply to every item on the resulting contract.

Q#2: Some items are shipped on dry ice, overnight. Does this apply to [**does the Bid Price and resulting Contract price include**] hazardous material handling fees?

A# 2: The following **additional section** is added:

SPECIAL HAZARDOUS MATERIALS & SPECIAL HANDLING Fees:

Prices bid and Contract line item prices do not have to include hazardous materials handling fees or special handling fees required by the manufacturer for shipments directly from the manufacturer. Contractor will identify and separately list all hazardous materials / special handling fees on the invoice and Bill of Lading. Contractor will make the ordering agency aware of all hazardous materials / special handling fees at time of order placement. The Contractor may require ordering entities to pay additional hazardous materials handling fees not to exceed the actual hazardous materials / special handling fees. Contractor is to use the most economical and practical shipping method necessary to comply with the agency's needs while meeting the necessary hazardous material shipping requirements. Contractor must be able to document and provide evidence sufficient to prove all hazardous materials and/or manufacturer's special handling fees are required by the manufacturer or carrier upon request to do so by the State.

Q # 3: Does the contractor absorb direct ship charges or charges associated with direct shipments where loss of discount occurs?

A # 3: The Contractor will absorb all shipping costs except for hazardous materials shipping charges and except for items requiring special handling by the manufacturer or by the ordering agency.

Q#4: Will you allow a state agency to use this contract as permissive in part but not as a whole contract, allowing the agency to "cherry pick" the items that they buy off of the WSCA contract?

A#4: For State of Idaho, State Agencies the Contract will be "mandatory use." State of Idaho Agencies must use this contract for all their laboratory supplies and equipment; other states participating on a permissive use basis may or may not purchase their laboratory supplies and equipment from the Contractor.

3. The State of Colorado is a Participating State. Use of the resulting contract by State of Colorado will be as a permissive price agreement.
